

In your account you can configure:

- Customer details.
- Notifications of new orders.
- Notifications of changes in orders.
- Notifications of changes in order status.

To go to the settings, click on the username in the upper right corner and select the item with the username.

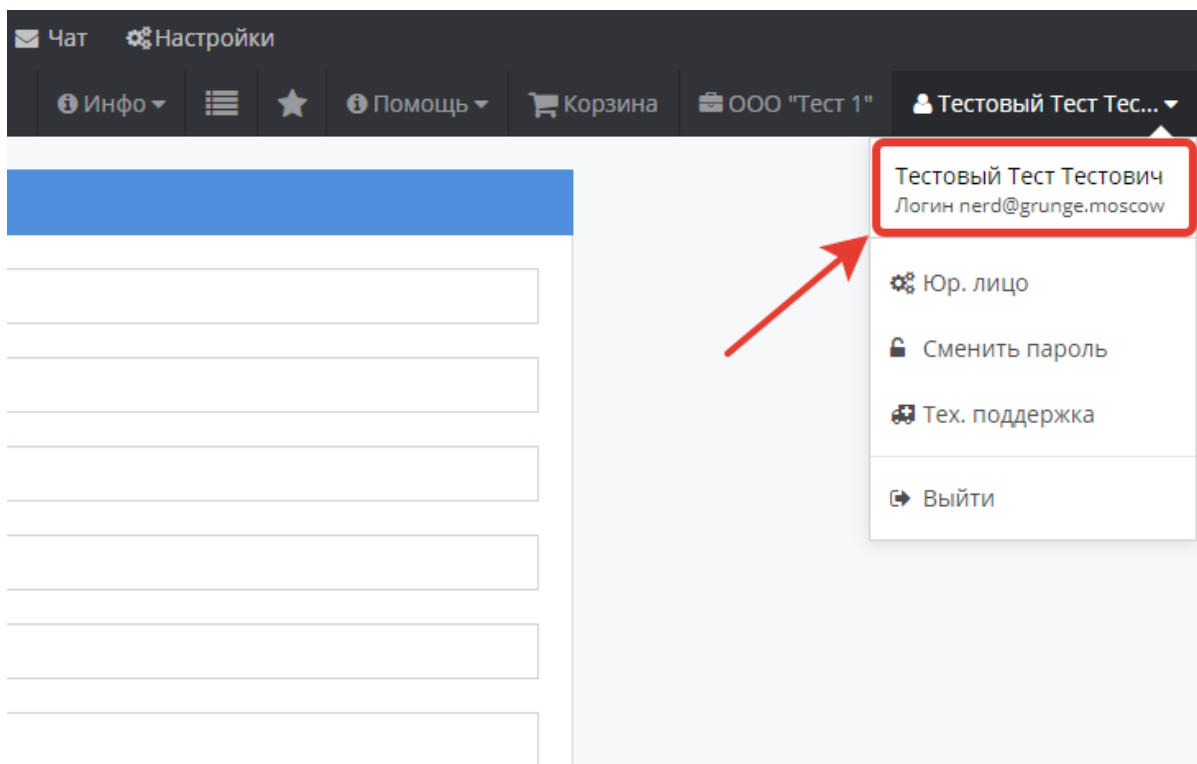

Here you can change the details of the selected legal entity or add a legal entity.

To save the settings, click the **Save** button.

User settings

You can go to the settings by clicking on the username in the drop-down menu of the site header:

In the profile settings, you can enter or edit personal data, such as:

- **Username (login to enter the site)**
- **Full name of the user**
- **Contact E-mail address and telephone**
